

GENERAL INFORMATION	
Parameter name	Areas suited for groundwater disposal to surface water or municipal drains
Name of the layer in EGD Map Viewer	Areas suited for groundwater disposal, Zaragoza
Original name of the layer in the GeoPackage uploaded to EGD database	PP10_IGME_GW_disposal
Category	Resources for open-loop systems
Definition	Areas suited for groundwater disposal to surface water or municipal drains. Relevant for areas where thermally used groundwater may not be possible to be injected to the groundwater for legal or technical reasons
Harmonized unit	none
Relevance for shallow geothermal energy	Areas suited for groundwater disposal to surface water or municipal drains. Relevant for areas where thermally used groundwater may not be possible to be reinjected to the groundwater for legal or technical reasons.
Data type	Discrete labels
Data format	vector: polygon
Projection	EPSG: 3034
Dataset selected for pilot area	Zaragoza

ATTRIBUTES	
Disposal_Type	Discrete data classes based on a joint legend:
1.	Area suited for groundwater disposal to surface water.
2.	Area suited for groundwater disposal to municipal drains.
Disposal_Type_URI	Link to definitions, e.g., INSPIRE, project vocabulary, etc.
linkdataurl	Link to data or additional information about the data, e.g., link to national database (text)
remark	Free text for additional information (text)
repositoryurl	Link to this factsheet (text)

DATA SOURCE	
Pilot area	Zaragoza
Data source	Instituto Geológico y Minero de España
Contact data owner	a.garcia@igme.es
Last Update	08.03.2021

Explanatory text English
The layer contains the extent of areas suited for groundwater disposal to surface water and areas suited for groundwater disposal to municipal drains. Website: https://www.zaragoza.es/contenidos/Ecociudad/cuencasycolectores.pdf

Explanatory text national language	
Language	Spanish
La capa contiene la extensión de zonas aptas para el vertido de aguas subterráneas en masas de agua superficiales y zonas aptas para el vertido de aguas subterráneas en las redes de saneamiento de la ciudad. Sitio web: https://www.zaragoza.es/contenidos/Ecociudad/cuencasycolectores.pdf
