

GENERAL INFORMATION	
Parameter name	Minimum groundwater temperature
Name of the layer in EGDI Map Viewer	Minimum groundwater temperature, Bratislava
Original name of the layer uploaded to EGDI database	PP14_SGIDS_min_gw_temp.shp
Category	Resources for open-loop systems
Definition	Minimum groundwater temperature
Harmonized unit	Degree Celsius
Description	Annual minimum groundwater temperature
Data type	Continuous dataset
Data format	Raster
Projection	EPSG: 3034
Dataset selected for pilot area	Bratislava, Brussels, Ljubljana, Vienna, Prague, Cardiff, Glasgow, Cork, Zaragoza, Zagreb

ATTRIBUTES	
Unit	Degree Celsius

DATA SOURCE	
Pilot area	Bratislava
Data source	Minimum groundwater temperature
Contact data owner	jaromir.svasta@geology.sk
Last Update	23.07.2019

Explanatory text English	
Minimum groundwater temperature for a designated period of time	

Explanatory text national language	
Language	Slovak
Minimálna teplota podzemnej vody počas obdobia monitorovania
